

Unit 7 Test Review

Monday, September 23, 2019 7:46 AM

What are the vertices of $D_{2.5}(\Delta ABC)$

$A'(0, 5)$
 $B'(-5, -2.5)$
 $C'(7.5, -5)$

12 Total Questions

What is the image and the vertices of ΔABC after you apply the composition $R_{(y=1)} \circ D_{1.5}(\Delta ABC)$

$A(0, 2) \cdot 1.5 = A'(0, 3)$
 $B(-2, -1) \cdot 1.5 = B'(-3, -1.5)$
 $C(3, -2) \cdot 1.5 = C'(4.5, -3)$

$A''(0, -1)$
 $B''(3, 3.5)$
 $C''(4.5, 5)$

12 Total Questions

The endpoints of \overline{JT} are $J(9, 11)$ and $T(3, 7)$. What are the endpoints of the image of \overline{JT} after a dilation with a scale factor of $\frac{3}{4}$ from point J.

$$J'(9, 11) \quad T'(4.5, 8)$$

$$\frac{3}{4} \cdot 6 = \frac{18}{4} = \frac{9}{2} = 4.5$$

$$\frac{3}{4} \cdot 4 = 3$$

$$+ \quad \frac{1}{3} \quad \frac{1}{9}$$

12 Total Questions

Your parents have a 4" by 6" photo that you want to have enlarged to fit a frame that is 12" by 18". Would the photo enlarge perfectly to fit the frame?

$$\checkmark \frac{1}{3} = \frac{4}{12} = \frac{6}{18} = \frac{1}{3} \checkmark$$

yes, enlarging by 3 would be perfect.

12 Total Questions

Find the value of r and t that make the polygons similar.

$$\frac{8}{3} = \frac{2x-1}{6}$$

$$\frac{8 \cdot 6}{3} = 2x-1$$

$$16 = 2x-1$$

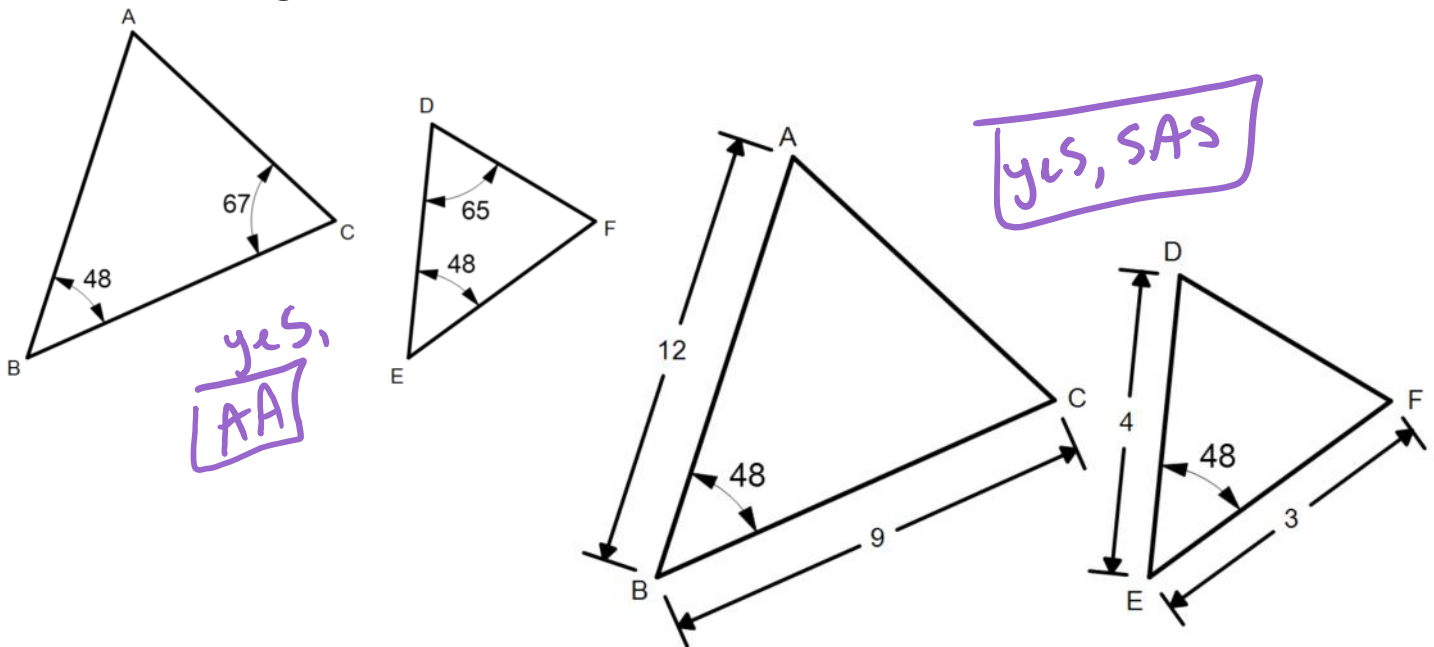

$$17 = 2x$$

$$x = 8.5$$

12 Total Questions

Are the triangles similar? If so write whether it is SSS, SAS or AA?

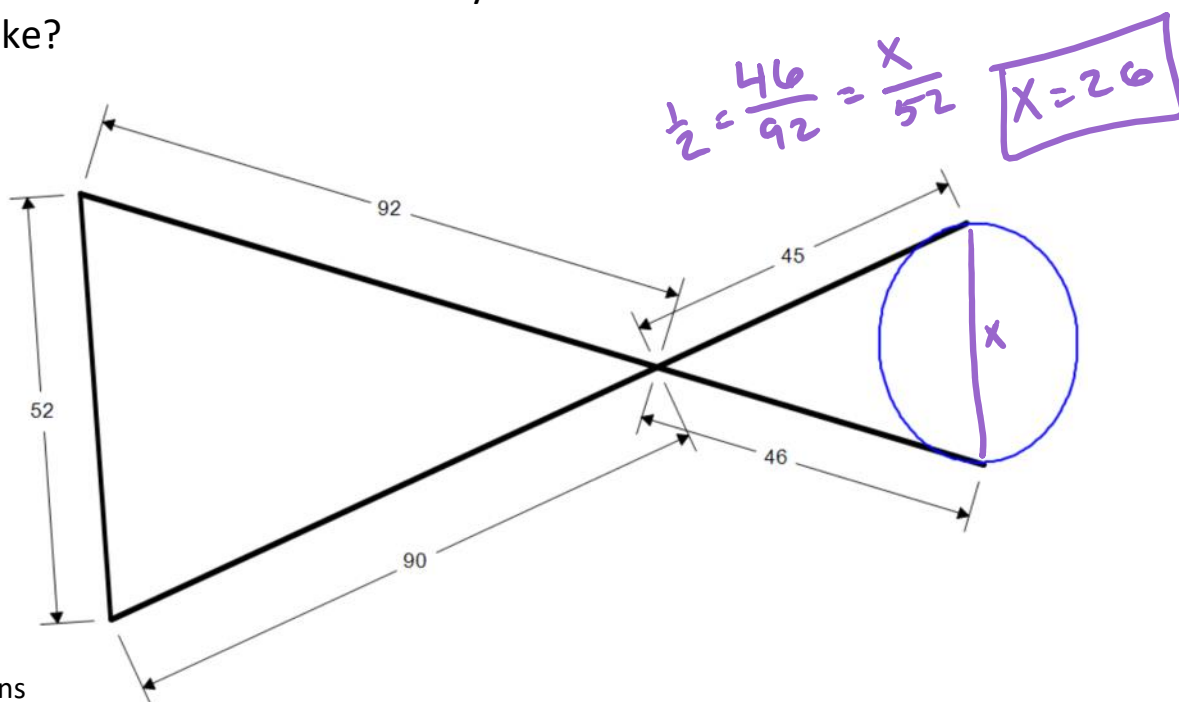

12 Total Questions

Find the value of x.

12 Total Questions

An outdoor adventure camp owns the lake shown in the diagram. They are having a zipline installed across the lake. A survey crew took the measurements shown. How long is the lake?

12 Total Questions

Find the value of a.

$$\frac{\quad}{33} = 20$$

$$\frac{29.20}{33} = a$$

$$17.58 \approx a$$

12 Total Questions

According to the diagram shown, what is the correct proportion for the sides of the triangles. (Finish the proportion.)

$$\frac{AD}{DC} = \frac{CD}{DB} = \frac{AC}{BC}$$

$$\frac{x}{10} = \frac{5}{x}$$

$$x^2 = 50$$

$$x = 5\sqrt{2}$$

$$50 + 25 = y^2$$

$$75 = y^2$$

$$5\sqrt{3} = y$$

Find x and y.
